

With Your Planned Gift...

The Murrysville Community Library can continue to provide opportunities to learn, grow, adapt, enjoy, exercise our freedoms, and enhance our quality of life—and provide the same opportunities for the generations that follow.

As a friend and supporter of Murrysville Community Library, you have watched us grow in new and exciting ways.

- We reimagined our Children's Room, with incorporating STEM (Science, Technology, Engineering, and Mathematics) learning in our well-attended Summer Reading Club.
- We have held special events including tracking the Solar Eclipse of 2017 and the annual Jingles 'n Gingerbread open house celebration.
- The Library continues to reinvent itself by addressing and meeting some of the many challenges of living in an ever-expanding world of literacy and technology.

Your planned gift will enable us to continue to adapt and grow in the future, meeting the learning and connecting needs of generations to come. This integral community asset will then continue to provide services to generations for years to come!

The Murrysville Community Library pledges to continue to serve the community's evolving information needs. We connect people with ideas and information, promote lifelong learning for all, and serve as a foundation for a strong and vibrant Community.

Why Consider Planned Giving?

“Since early childhood, libraries have been an important part of our lives. Our mothers instilled in us the love of reading. When we were reading about ‘Dick and Jane,’ little did we know what opportunities libraries would offer us now. We think that the Murrysville Community Library is a jewel in this community. We are happy to support it in various ways. I have volunteered at the library since it was in the community building and Jim is an advisor to the Library Foundation Board. We want to keep this library vibrant and growing for future generations and so have made the Murrysville Community Library a beneficiary in our wills.”

“Whatever the cost of our libraries, the price is cheap compared to that of an ignorant nation.”
